Businesses that handle large quantities of cash will benefit from the swift security and ease of use that the CN-5000 provides. This high-capacity cash management solution provides a complete audit trail by tracking each user's activity via PIN or swipe-card reader, and providing a detailed transaction history for up to 90 days. A high-volume Cummins Jetscan™ bill counter, locking cassette and secure carrying case ensure that your cash remains protected between your back office and the bank.

Specifications

Dimensions: 26"W x 25"D x 49³/₈"H

Approximate weight: 650 lbs

Power supply: 120 VAC 60Hz, 10 amps

CacheNET 5000 safes:

Collect and Secure Cash: Once your cash is placed in an Armor safe, you can rest assured it will stay there. Our products are designed and constructed to rigorous standards to protect each point of access and reduce your risk of robbery.

Count and Validate Funds: The CacheNET 5000 is equipped with Cummins' bill counting technology, allowing it to recognize 800 bills per minute with unsurpassed counterfeit detection. Counted funds are secured in high-capacity locking cassettes that store up to 5000 bills. Cash may be returned if the transaction is cancelled, and exposure is limited, reducing risk of theft and loss.

Audit and Report Activity: Every transaction is recorded and tracked through each user's personal ID (read by swipe card) providing an audit trail of all activity. Cash is deposited through bill validators, and other media sales such as personal checks are recorded by the user and deposited into a secure envelope drop. Immediate verification reduces POS reconciliation errors and reduces time spent on bank deposit preparations. More than 30 different types of receipts and reports can be printed on the system's high-speed printer including end-of-day activity, cash removal and individual user reports.

CacheNET 5000 safes can be configured to:

Communicate: The 5000 series allows the user to access and evaluate transaction data and providing real-time comparisons with POS activity.
